Burn

Its time to die

Glued to the screen, Ambitions grown tired

Mesmerized by gossip in a world expired

Good evening America, tonight we feature

Anorexic beauty queens

Serial killer documentaries

Million dollar action scenes

Dry humping teenage magazines

Preaching pervert hypocrisy

High school drama killing sprees

Arabian Redneck conspiracies

Theres never been a better time to die

Waiting to die, we're waiting to burn

We're begging for it

World torn to pieces

In the flames we shall drown

All together we bleed

No time for commercials now

Sit back and burn

Watch us burn

Disease infested third world countries

Celebrity sex tapes, A bald Britney

No more music on MTV

The tomb of Christ, the frozen corpse of Disney

The racist entertainers and the oil wars

The Wall Street snakes, the consuming whores

Cant just pretend to accept this shit anymore

Need to kill ourselves just to find the fucking cure

An apple a day keeps the doctor away

Yet the Garden of Eden still full of slaves

Chew it down and swallow

Choke and die

Ashes to ashes we all fall down

World torn to pieces

In the flames we shall drown  
All together we bleed  
No time for commercials now  
Sit back and burn  
Watch us burn

Stay the fuck away from me  
Stay the fuck away from me  
Stay the fuck away from me  
Stay the fuck away

Let us burn  
Hey kids, dont touch that dial  
Watch us burn  
When we return, you get to play in the fire  
Let us burn
