I see you've been feeling down
When I needed you, you've been around
So this year I've a Christmas surprise
that will make your spirits rise...

I think back on the times, when you've always been
there for me
And when things seemed unclear- you did the thinking
for me.

I owe you so much that its hard,
to repay you for all the good times
and I won't forget you this year..
It's Christmas time for my penis.

I know I have let you down when you just needed a
hand
When I was uncertain, you showed me that I am a man

I owe you so much that its hard,
to repay you for all the good times
And I'm going to give you the joy
that you've earned this year pal...
It's Christmas time for my penis.

I owe you so much that its hard,
to repay you for all the good times
It's Christmas time for my penis.

I know you've been feeling down,
all pent up its so hard to breathe
Don't fret this Christmas-
you'll get the attention you need

I love you so much that it's hard,
to repay you for all the good times
we'll get whores and pornography-
your special holiday, pal...
It's Christmas time for my penis.
