I'm well aware that you are chemically imbalanced  
But I'm the kind of guy that likes a challenge  
My crazy kind of girl who lives in her own world  
Who is legally insane

I'm not afraid and I will rise to the occasion  
And I'll remind you when it's time for medication  
For a mixed up little girl alone in this big world  
Who is legally insane

You need someone who cares  
When you're losing it or delusional  
You need someone to hold your hand  
If you're confused at all  
I understand all the problems you got  
I stay up nights on a suicide watch  
For you... f\*d up girl...

I'll be with you until we find a good solution  
And keep you out of any mental institution  
You need some special care and I always will be there  
Coz you're legally insane

It'll take some patience and a lot of sacrifice  
Helping a lunatic get through her life  
I'll protect you from yourself coz you've got nobody  
else  
And you're legally insane

You need someone who's there  
When you're losing all your faculties  
You need someone who understands  
All your abnormalities  
I understand all the problems you got  
I stay up nights on a suicide watch  
For you... f\*d up girl...

You need someone who cares (that's me!)  
When you're losing it or delusional (you're not!)  
You need someone to hold your hand  
If you're confused at all (ho, ho, ho!)

I understand all the problems you got  
I stay up nights on a suicide watch  
For you... f\*d up girl...
