Well I asked about him, that long hair, and those curls  
She said he's just a nice guy, likes to hang out with the girls  
Well I didn't think twice about him- I just figured him for gay  
I sure had him pegged right wrong he stole my girl away  
I told her I don't give a damn Bon Jovi's finally here  
I'm not about to miss the Laker game to see that long haired queer  
But you go on ahead why don't you take that little freak  
That was my first mistake- she didn't come back for a week  
He's a long hair havin', back stabbin', lyin', cheatin',  
dirty little freakin'  
get along-with-the-girl-lookin' fool  
Well that silly little freak, I'd like to give him a beatin'  
Left me standin' her like a fool  
She took me to a party where she said there'd be a few kegs  
More like winecooler drinkin' make-up sportin' Bauhaus stickers with legs  
"Have you heard Gene Loves Jezebel?" I said, "Ask me if I care,  
All I know is Joni Loves Chachi," then I hit him with my chair  
So if your honey fancies hippies well here's all you need to know  
Stay clear of L.A. Guns & Roses, take her to a Vandals show  
Our suicidal bros will bum her out 'till she just can't hang  
And you can party with a skinhead fox with tiny little bangs  
I feel like yankin' out his curls for hangin' out with girls  
Left me standin' here like a fool
