Medium cheese, she is glad to take my order
Long long way from that Lao-Viet border
She fled the jungle, the evil Viet Cong
Pizza Tran, orange county is where you belong
Two long weeks in that little leaky boat
Just to get the right to see me and to vote
Here comes my pizza down Bolsa Avenue
Yes it's true, Pizza Tran I love you
Girls at school, they just don't understand
What do you see in that little orphan Tran?
She's so pretty, I'm proud to be her man
And I am, and that's why I love Pizza Tran
I love her and I think that she loves me
I order pizza 'bout seven nights a week
She's my Madam Thieu, I'm her General Ky
And I believe she's baking another for me
Pizza Tran deliver something
I miss you and I'm so hungry
Pizza Tran
Pizza Tran get into that dope white Supra
And bring me a slice
Pizza Tran
