Anything is possible
Anything is possible
Believe in a wish and it'll come true

Everything is delightful
There's nothing frightful
In a piece of the world where we make our own rules

If I was your daddy
I'd treat real sweet
Let you play all day with the animals in the zoo

I'd clean the cotton candy
Off your sticky hands
And I'd try to love your mommy as much as you

Anything is possible
Anything is possible
Believe in a wish and it'll come true

Everything is delightful
There's nothing frightful
In a piece of the world where we make our own rules

When the big hand touches the little hand
When the big hand touches the little hand
We'll sail away to Neverland
We'll sail away to Neverland

If I was your daddy
We'd have nothing but fun
Laughing all day long at our own little jokes

And when the day gets too hot
We'll cool off in my pool
Alone in the deep hand I'll teach you the butterfly
stroke

When the big hand touches the little hand
When the big hand touches the little hand
We'll sail away to Neverland
We'll sail away to Neverland

We'll sail away to Neverland
