Walking in the city
Can see no stars above
I don't need your pity
And I can feel your love
Wish I could
Wish I could
Searching for peace of mind
I took off for the woods

Lost in the forest
Can't find my way home
Can't feel your love
Lost and all alone
It's not so bad
It's not so bad
When your on top of
Deception pass

Lost track
Of my path
On deception pass
Deception pass

Don't know where I'm going
Can't recall where I've been
Lived a righteous life
And lived a life of sin
Don't know what I've done
Don't know what I've done
If I ever make it out of here
Get back to you

Lost track
Of my path
On deception pass
Deception pass

Well, I seek love for guidance
I know it hurt my friend
Tried to sell my way out
But the devil wasn't there
Seems my life

Ain't worth a dime
Well I may be lost
But for now all this is mine

Lost track
Of my path
On deception pass
