The way I see it you must be blind  
But can you spare a dime?  
Can't you see your son is in too deep  
Burning in the final sleep

Wide awake for ninety nine hours  
No sleep tonight  
He'll be pushing up flowers  
Second chance he'll never get  
A special high for blazes, burn

Left behind  
Left and right  
No end in sight  
No end in sight  
Let behind  
Left and right  
No end in sight  
No end in sight

Running frantic without a clue  
In the sand looking straight at you  
Nothing straight, the world goes around  
No one's safe until they're deep in the ground

Shot in the back, stopped in your tracks  
The shifting sands coming over us  
A second chance he hasn't got  
It all boils down and turned around  
Left behind  
Left and right  
No end in sight  
No end in sight  
Left behind  
Left and right  
No end in sight  
No end in sight

There's so many times I couldn't bear to watch  
Witness the boredom of you thinking all soft  
He left his mark, he left you blind  
Chasing the dream, left sleep behind

Left behind  
Left and right  
No end in sight  
No end in sight  
Left behind  
Left and right  
No end in sight  
No end in sight  
No end in sight  
No end in sight
