When the big picture makes you feel small  
And your good friends are good for nothing at all

Don't pretend that it's not your fault  
You gotta take it like a man  
When you lash out against society  
And your cell-mate says, "You belong to me"  
Take it like a man  
You gotta take it like a man  
Take it like a man  
And find yourself in penitentiary

When you can't make your prick get hard  
Once you realize that you're not in charge  
It makes your codpiece feel a little too large  
You gotta fake it like a man  
Fake it like a man

When your big-ass truck keeps on breaking down  
You wanna holler but you can't make a sound  
And your big-barreled gun misfires every round  
Take it like a man You gotta take it like a man
