My friends call me enemy 'cause they're a fucking joke
They'd better get their shit together it's time that
they're awake
I'm cast out by my relatives 'cause they don't want me
around
I just sit in a corner and I don't make a sound

The walls are closing in on me
I don't know what to do
Tell me who is who
Tell me who is who
Tell me who is who

Policemen are my friends so why do they always stare
Raid our clubs bust our parties condemned for short
hair
Teachers are my friends so why do they make me
stand
In front of a class of gawking fools who'll never
understand
They'll never understand

The world around me falls apart
I don't know what to do
Tell me who is who
Tell me who is who
Tell me who is who

The world around me falls apart
I don't know what to do
Tell me who is who
Tell me who is who
Tell me who is who

Tell me who is who
Tell me who is who
Tell me who is who
