It was half past the hour and my knees were very  
shaky.  
Down the hall to the right there is a woman named,  
"Tatiana."  
So I went there she was with this fire in her thighs.  
"Get undressed lay in bed I'll be ready in a sec but  
before..."

What's the deal now baby?

Quarter till the hour and the room was shaky.  
Watch the watch it's my mother's favourite watch.  
She's a tiger, she's a snake, she has very low rates.

I recommend she's every dollar well spent.

What's the deal now baby?

I want to meet the perfect girl.  
She's going to be so sweet.
