"One night while sleeping in my bed I had a beautiful
dream
That all the people of the world got together on the
same wavelength
And began helping one another
Now in this dream, universal love was the theme of the
day
Peace and understanding and it happened this way"

The sick, the hungry, had smiles on their faces
The tired and the homeless had family all around
The streets and the cities were all beautiful places
And the walls came tumblin' down

People of the world all had it together
Had it together for the boys and the girls
And the children of the world look forward to a future
Remember
Tick tock, tick tock, tick tock people, time's tickin' away
Remember that
Tick tock, tick tock, tick tock people, time's tickin' away

I had a vision of blue skies from sea to shining sea
All the trees in the forest stood strong and tall again
Everything was clean and pretty and safe for you and
me
The worst of enemies became the best of friends

People of the world all had it together
Had it together for the boys and the girls
Children of the world look forward to a future

Remember
Tick tock, tick tock, tick tock people, time's tickin' away
Remember that
Tick tock, tick tock, tick tock people, time's tickin' away

Remember that, remember that
Remember that, remember that

People of the world all had it together
Had it together for the boys and the girls

Children of the world look forward to a future

Remember

Tick tock, tick tock, tick tock people, time's tickin' away

Remember that

Tick tock, tick tock, tick tock people, time's tickin' away
