Burn black cross
Sea's fire
Red beast ship
Sailing slow, smooth pain
Black sails
Pentagram emblem in the mountains
Black rising mountains
Darkest ship...

Christ Fire

Spine of life
Closest true embrace
Forever burning fire
Forever darkest depths

Distant patching fire
Thin smoke lines
Weaving like snakes
Reaching, always dying

Christ Fire

Thorn headband lashes scared skin
Nails puncture hands
Dripping like webs
Orange spirits rise
Red souls breathing
Fire gods

Christ Fire
