i got a love but i must be dreaming
i never felt this feeling before
there is a way that i can depend on
until the day where we can be sure

and i know that we can be together we'll be overall
and i believe that in the end we will be loving all the
more
do you wanna know the way that i'm feeling
are you gonna b the one who is there
all i wanna do is show that i mean it
i will wait for you to show that i care

this patient heart is more thna a virtue
and good will come to those who will wait
i know it's hard the more that i see you
but shall we give temptation to fate

and i know that we can be together we'll be overall
and i believe that in the end we will be loving all the
more
do you wanna know the way that i'm feeling
are you gonna b the one who is there
all i wanna do is show that i mean it
i will wait for you to show that i care

and when i see you, you know what im thinking
i wanna show the way i feel
but deep inside me i know i can hold on
we will be strong

do you wanna know the way that i'm feeling
are you gonna b the one who is there
all i wanna do is show that i mean it
i will wait for you to show that i care (x2)
