No integrity no sincerity no credibility no regret no  
principal no ethic no honor makes no fucking sense no  
inside to the future no thinking and no respect no  
authority no veracity no honesty no penitence no pride  
no power just a criminal no morals

Your greed you'd burn the bridge around me to save  
your self

Your Envy, You can't be what I am even with my help  
Gluttony, Take everything from me take it for yourself  
My Wrath, I'll just live my own life

So Violent So Dissident No More Requiem so I lament  
So Simple to Revere to respect down and left for dead  
So forget my forgiveness you've all failed to protect  
No Persistence, Insistence my will my stubbornness  
Consume Devore Like a Criminal, no standards

Your greed, You'd burn the bridge around me to save  
your self

Your Envy, You can't be what I am even with my help  
Gluttony, Take everything from me take it for yourself  
My Wrath, I'll just live my own life

Before I saw the light I crawled through darkness my  
whole life So empty  
Before I found my life I embraced the death that's  
coming  
So Certain, Drawing Near, Its coming closer it's  
approaching

I know the signs  
I've got the number  
I got my vision  
I know the motion  
My eyes forever opened

You'd burn the bridge around me to save your self  
Your Envy, You can't be what I am even with my help  
Gluttony, Take everything from me take it for yourself  
My Wrath, I'll just live my own life
