Pendulum stops and falls away
Life sifted through like sand
Storms of summer rain
Flooding lifelines in our hands
Our skin of blood and bone
Gently close to dust and blows
Our home of blood and bone
Pulls through the ground and so....
Unstoppable
My love for you
So unstoppable
Memories of you
Just remember
Just let it go
Pain willing in your eyes
Just let me go
Dry the tears that fall

And remember
When everything is difficult
IÂ'll be the wish upon a star
I've found a place so magical
Goodbye....

See you another goodbye
I..See you another goodbye
See you another goodbye
See you another...

Peeling killers rise
Precious circle is mended
Sense vertigo in you
So IÂ'll be your halo
So unstoppable
My love for you

So unstoppable
Memories of you

Just remember
When everything is difficult
IÂ'll be the wish upon a star

I've found a place so magical
I still plead...

Someone, Help Me, Grab Me, Save Me Now,
Distrust, Darkened, Daylight, IÂ've lost sight
Someone, Help Me, Grab Me, Save Me Now,
Distrust, Darkened, Daylight, IÂ've lost sight

Remember
That nothing here seems difficult
IÂ'll be the wish upon a star
IÂ've lost something so magical
And gone so far
Just remember
When everything is difficult
IÂ'll be shining from a far
When it feels like things have gone away
IÂ'll see you again

IÂ'll see you again, Goodbye
IÂ'll see you again, Goodbye
IÂ'll see you again, Goodbye
IÂ'll see you again, Goodbye
IÂ'll see you again, Goodbye....
