Past times are for laziness and past time is gone.
Can't live in it, Can't live with it.
Hard times for the cryin type are like a wrecking ball
Hard as a stone, can't let it penetrate.

You've gotta believe in yourself, with your mind, with
your guts, with your heart, make a stand.
A stand against fools that will steal it away,
rip the heart from your chest, and devour it.

I ain't sellin what they're wanting to buy anymore, No
more never
I ain't listen because I've heard all that bullshit before,
so many times before.

Eyes of a dog will wander for food, like a scavenger.
You've gotta own it, gotta defend it.
You've gotta believe in the hunt, in the prowl, in the
search,
in the kill. I'm the alpha man

I ain't sellin what they're wanting to buy anymore, No
more never
I ain't listen because I've heard all that bullshit before,

so many times.

I've, I heard it all before, I've heard it! I've. I lived it all
before, I've lived...

No more The parasites sucking the life out of me,
they're like cannibals
Bleed you for anything, bleed you for everything.

You've gotta believe in the strength, of your mind, of
the soul,
to the bone. What is real.

I've, I heard it all before, I've heard it! I've. I lived it all
before, I've lived... No more I've, I heard it all before,
I've herd it! I've, I seen it all before, I've seen it!
Heard it. Lived it. Know it. Believe it.

I live for no one, I'd die for no one.
I've, I heard it all before, I've heard it! I've. I lived it all
before, I've lived... No more

I've. Heard it, seen it, lived it. I've. Done it, know it,
believe it. I've. I've heard it all before, I lived it!!
