This is a song of what I am, a mother fucking idiot  
Check it out

Through my skin you climb  
To my eyes, I say goodbye  
Now that you're on the inside  
Blinded eyes in front of you hide

Fucked with me, I was an idiot  
Fucked with me, and I haven't done shit  
All about everything that I'm against  
So fuck this, I don't need your shit

Life is pain and pain is my life  
Life is pain and pain is my life

In your mind I was just a novelty  
So does this define how you feel towards me  
Do unto me what has been done to you  
Feed off the pain that's been reproduced

Fucked with me, I was an idiot  
Fucked with me, and I haven't done shit  
I fuckin' hurt so bad now  
So I think, I'll just lie down

Life is pain and pain is my life  
Life is pain and pain is my life

I don't need you, I just need me  
I don't believe in you, so don't believe in me  
I don't need you, I just need me  
I don't believe in you, so don't believe in me

Pain pain go away, come again some other day  
Pain pain go away, come again some other

Wait, wait, don't wait, wait  
Don't need this mother fuckin' shit, now anyway  
Wait, wait, don't wait, wait  
Don't need this mother fuckin' shit, now anyway

I don?t need you, I just need me  
I don?t believe in you, don?t believe in me, yeah

Life is pain and pain is my life  
I don?t need you, I just need me  
I don?t believe in you, don?t believe in me
