This is a song of what I am, a mother fucking idiot
Check it out

Through my skin you climb
To my eyes, I say goodbye
Now that you're on the inside
Blinded eyes in front of you hide

Fucked with me, I was an idiot
Fucked with me, and I haven't done shit
All about everything that I'm against
So fuck this, I don't need your shit

Life is pain and pain is my life
Life is pain and pain is my life

In your mind I was just a novelty
So does this define how you feel towards me
Do unto me what has been done to you
Feed off the pain that's been reproduced

Fucked with me, I was an idiot
Fucked with me, and I haven't done shit
I fuckin' hurt so bad now
So I think, I'll just lie down

Life is pain and pain is my life
Life is pain and pain is my life

I don't need you, I just need me
I don't believe in you, so don't believe in me
I don't need you, I just need me
I don't believe in you, so don't believe in me

Pain pain go away, come again some other day
Pain pain go away, come again some other

Wait, wait, don't wait, wait
Don't need this mother fuckin' shit, now anyway
Wait, wait, don't wait, wait
Don't need this mother fuckin' shit, now anyway

I don?t need you, I just need me
I don?t believe in you, don?t believe in me, yeah

Life is pain and pain is my life
I don?t need you, I just need me
I don?t believe in you, don?t believe in me
