Cop provisions feed my addictions, mistakes I made
then
I opened up the holes and they crawled in
Now when it's time for the feed they won't let me forget
They ride upon my back and they'll fuck me with their
need
My invisible enemies, all my monkeys

They're coming, they're coming
They're coming, they're coming
They're coming to take me away

Disgusted with my position, so submissive I am
The only way we get away is give in
Sharpen up the razors, stab the needles into pipes
To kill cravings so sick of this in me, can't stand
The want to need, can't get free always, got a grip on
me

There's no use to fight this wrenching
Tourniquet of deprivation
Obedience, subservience leads to substance

Give it to me
Give it to me

Leave my motivation to chemical dependency
No room for patience
Don't want it, need it, come on right now

Every time I try to run away, I fall on my face
They take me back, they drag me back
Every time I try to run away, falls on my face
Help! They won't leave me alone
They won't leave me alone
They won't leave me alone

If I would have known back then what I know
Now I'd take it back, I'd take it back
If I would have known back then what I know
Now I'd take it back, I'd take it back
I'd take it all fuckin' back

Stay away, stay away
Hold me, I'm shaking violently
Pull me out of my covering
Mold me into a new man
Lull me into a deep sleep

Stay away, stay away
Hold me, I'm shaking violently
Pull me out of my covering
Mold me into a new man
Lull me into a deep sleep

There's no use to fight this wrenching
Tourniquet of deprivation
Obedience, subservience leads to substance

Even if you want you can't stop
Even if you want you can't stop
Even if you want you can't stop
Even if you want you can't stop

Internal primates forever
Internal primates forever
Internal primates forever
