WeÂ've come hereÂ' from so far awayÂ'
I can save youÂ'
If you leave it all behind
This sufferingÂ'sÂ' been far too longÂ'
Would you take a trip with me
On the back of a starÂ'
I feel like earthÂ's gravity is just hre to pull us down.

Mother of creation wait \hat{A}' embrace the souls of a lost world

world
Carry them awayÂ'
Darkness negative receptiveÂ'
Pour firmament between our waters
Separate the space
Mother of destruction wait with a belt of
Skulls strap me down
And send the ship awayÂ'
Progress with the processÂ' mine the souls
From their casts
Poor form and reshape

This dark wombÂ'
Wraps and covets meÂ'
Redefining understandingÂ' if you open
Up the heartÂ'
NurturingÂ' this phenomenonÂ'
We can carry you on our wingsÂ' our wings
Through the dark
"lightning flashes of insightÂ'
Into the mirth of a dark skyÂ'

Pain of division is nothingÂ' Joy of dissolution is everything

Mother of creation waitÂ' embrace the souls of a lost world
Carry them awayÂ'
Darkness negative receptiveÂ'
Pour firmament between our waters
Separate the space
Mother of destruction wait with a belt of
Skulls strap me down

And send the ship awayÂ'
Progress with the processÂ' mine the souls
From their casts
Poor form and reshape

Portal sits deep within the eyeÂ'
The eye of yinÂ's severityÂ'
Rewards understanding
Portal sits deep within the eye
The eye of yinÂ's severityÂ'
Rewards understanding

Blackness consumes body comforts core of Nothing...

Mother I can rememberÂ' a vault of securityÂ' Can you take me awayÂ' Would you take me awayÂ' WonÂ't you take me away ...Away
