My legs are weary But I still walk My hands are sore and broken But I still clutch My heart is cheated But I still love My cup is empty But I still pour

All I ever want to be All I ever need to be Was whatever you wanted me to But you took that from me, yeah

I was never enough for you I should have known, I should 've known I was never enough for you Don't waste my time, don't waste my

I've lost the feeling But I still touch I stopped believing But I still trust

All I ever want to be All I ever need to be Was whatever you wanted me to But you took that from me, yeah

I was never enough for you I should have known, I should a known I was never enough for you Don't waste my time

All these questions, asking why? I'll just close my eyes, my eyes All these people, asking why? I'll just wave goodbye, goodbye

Time, pushing forward I'm sick and tired, need a little shelter Drag the glass across my eyes, gut me open, gut me wide Leave me for the winner, just to the winner

I was never enough for you I should have known, I shoulda known I was never enough for you Don't waste my time

I was never enough for you Just wasted time, don't waste mine
