To consume you
Bring the alien

Does your God come in a capsule
To sedate you? Tear the walls down
Headless prison, cannibals chew
To consume you
Bring the alien

Kill the alien
Kill your alien
Kill your alien

You can't kill me
'Cause I'm already dead
Inside my hole
Inside my head

We just beg for any way
To be sedated
It's all about escaping
Numb to me
Numb body from this hell

I can feel them pushing, I can feel them pulling
I can feel them holding, I can feel them moving
I can feel them prying, I can feel them proding
I can feel them breathing, I can feel them digging
I can feel them stabbing, I can feel them scoping
I can feel them living, I can feel it

Consume
Take in
Plunging
Plumbing
Instruments prying
Aliens inside me
Tooling the machine
Intoxicating
Feel it unfolding
Riddles in me

It's all about escaping
We just beg
For any way to get away
Who do you bow down to?
Does your God come in
A capsule or on a plate?
They're trying to sedate you
Swallow self
And bring on the alien
You tried to kill me

I'm already dead to this world
I'm already dead to this world
I'm already dead to this world
I'm already dead to this world
I'm already dead to this world
I'm already dead to this world
I'm already dead to...
