Fall down, can't pick myself up off the ground
Head down, I see catastrophe
And it's right in front of me

Mother, father
Please don't make me choose between you
I love both of you

Mother, please, all I want to be is just little me
Father, please, all I want to be is your son

No fair, trespass the tiny mind of a child
Despair in my world surrounds me

It's immerse me
Rips right through me

Remember the day they told me, I'm so scared
Suffer, my wound's not healing

Mother, please, all I want to be is just little me
Father, please, all I want to be is your son

Sometimes in dark my mind will roam
To a time I spent alone

As a child, as a small boy
As a child, as a small boy

I cry, I cry

I remember times as a child I knew
[Incomprehensible]
I remember the times as a boy I knew
Too many moralisists in my life
I knew the times as a child I
I looked into my father's eyes one time
I remember the times as a child when I looked
And I screamed, I still scream, and I say

Look at what you did to me
See what you did to me

Look at what you did to me
See what you did to me
Look at what you did to me
See what you did to me
Look at what you've done to me

Look at what you did to me
See what you did to me
Look at what you did to me
See what you did to me
Look at what you did to me
See what you did to me
Look at what you did to me
See what you did to me

I died that day all I want to say

Mother, please, all I want to be is a little deep inside of
you
Father, please, all I want to be is a [Incomprehensible]
Mother, please, all I want to be is a little deep inside of
you
[Incomprehensible]

What now? Fuck you
What now? Fuck you
What now? Fuck you
What now? Fuck!
