And we hide behind  
Lies, anger, hate, they shoo love away  
Shells of ourselves outside  
Shelters body from cold reigns of reality  
Come on, step out of your rind assemble strength,  
focus

Release and run to me  
You can never look back to the visions from the past  
They fade and wilt in time  
You've got to just trust me to hold your hand through  
Then I turn and walk away

Eclipse you are, of your states of ain soph aur  
(Play you, cut you away, bleed you, strip you)  
Eclipse you are  
(Play you, cut you away)  
(Spit up on my plate, push everything away, from me)

And we sever all ties  
It creates disruption 'midst circle of friends  
I become sacrifice  
Spare your life and leave me to my misery  
Get off the cross and save yourself, run away you'll be  
okay

Run away now get away from me if I can get my grip  
I'll pull you down into the hell I call my head you'll never  
get away  
I sit down in my ugly place and build walls out of  
fragments from my past  
Of all the people that I needed and loved that walked  
away

You've got to just trust me to hold your hand through  
Then I'll turn and walk away  
I walk under clouds of gray  
Sphere of storms in my head  
I'm trapped again in endless rain

I divorce the thoughts of you in love with me  
I divorce your innocence and my guilt

I divorce the lying sellout confidence  
I'm divorcing every motherfuckin' thing  
I divorce the love bled meaningless

I divorce the makeshift harmony  
I divorce the taunting acts of violence  
I divorce the pastime of jealousy  
I divorce control  
I divorce the faith

I divorce the virtue  
I divorce the rain  
I divorce the excuse  
I divorce the greed  
I divorce the need

I divorce iniquity in this mother fuckin' bullshit life  
Just want it all to go away  
Just want to run away to die, take it myself, my life  
Text book fucking mental off me, and pitch me in a  
hole  
Rip this motherfucking bullshit life  
In this fucking bullshit life

I'll always be your shadow  
And veil your eyes from states of ain soph aur  
I can't be the hero anymore  
I spit up on my plate and then I turn and walk away

I spit up on my plate and I disrupt the family  
I spit up on my plate as I sever the entity  
And I feel your warm sun on my face  
Separate, separate, separate, separate

Eclipse you are, of your states of ain soph aur  
(Play you, cut you away, bleed you, strip you)  
Eclipse you are  
(Play you, cut you away)  
(Spit up on my plate, push everything away from me)

Eclipse you are, of your states of ain soph aur  
(Play you, cut you away, bleed you, strip you)  
Eclipse in you  
(Play you, cut you away)  
(It's always been this way, push everything away from  
me)

Eclipse you are, of your states of ain soph aur  
(Play you, cut you away, bleed you, strip you)  
Eclipse you are  
(Play you, cut you away, spit up on my plate)
