

Vehement "Procrehatred"

Visit "[Procrehatred](#)" on MotoLyrics.com

Read and listen, sit and stare
Disgusted in the World
Witness to the violent times
As insanity unfurls
Day by day, night by night
Hatred growing stronger
Pushed above and way beyond
The World won't last much longer
See the lies swallow pain
From the altars of betrayal
What is right can't be wrong
Beg forgiveness praise all
Moon to Moon, Sun to Sun
Now becomes medieval
Neandrathalic maniacs
Launching the upheaval
Procrehatred Dominated
Ruled by Hate
Engulfed in torment
There's no escape
Procrehation Domination
Walk through Hell
Strangulation by the DNA cell
Sickened by the goings on
Races with no pride
Hoping that before their births
They surely could've died
Neighborhoods and city blocks
That crumble by decay
The annihilation of these germs
Can be the only way
Hoards of slugs uncultured filth
Embarking to this homeland
Expecting to be honored, treated
As if you even mattered
Racial Hatred, Hitler, Stalin
Total Procrehatred
Forgiving on destroying all
To save a rotting Nation
Procrehatred Dominated
Ruled by Hate

Engulfed in torment
There's no escape
Procrehation Domination
Walk through Hell
Strangulation by the DNA cell
Take all the Hatred
Bottled inside
Spilling it forthright
Infecting all Mankind
Misanthropolic
Equally Hating
No one escaping
Demoralization
Belittled and trodden
Souls are all rotten
Feeling the pain
Hate or be Hated now
To anguish and fester
Death and disaster
Finding a new path
Radioactive Hate
HATE.....
As time goes on man shall know
Malignance now shall reign
Desperation, violence, inhumanity are praised
Obliterate fear the night
Violate empower
Wall of iron flesh and stone
Others they shall cower
Barbaric hoards devour the land
Cancerous and vile
The blackened clouds that swallowed
Life now await your trial
The anger blood and emptiness
That conceals your eyes
Collect your thoughts of neglect
And pray for your demise
Procrehatred Dominated
Ruled by Hate
Engulf in torment
There's no escape
Procrehation Domination
Walk through Hell
Obliteration by the DNA cell
