(Halford - Tipton - Downing)

Man eatin' mamma, steam driven hammer  
Sorts the men out from the boys  
Takes no messing, all in wrestling  
Is one of her pride and joys

She a classy, flashy lassy  
Imitation sapphire shine  
Two faced liar, full of fire  
But I know the flame is mine

Rocka rolla woman for a rocka rolla man  
You can take her if you want her,  
If you think you can  
Rocka rolla woman for a rocka rolla man  
You can take her if you want her you can  
She's a grip and choke ya. Heavy smoker  
Wrong side of the law.  
Midnight shady, good time lady  
Heavy, ready show you what for

Barroom fighter, ten pint a nighter  
Definite ninety-nine  
Diamond cluster, knuckle duster  
Feline on the borderline

Rocka rolla woman for a rocka rolla man  
You can take her if you want her  
If you think you can  
Rocka rolla woman for a rocka rolla man  
You can take her if you want her you can
