It always happens 'round midnight
I get the same old request
Overheated condition
I never get any rest
Every time we get started
She never reaches the end
Like a girl on a mission
She's keeping it up
Wants to do it again
CH)
Every night when the lights go down she cries
Once is not enough
Every morning when the sun comes up she cries
Once is not enough
Once is not enough
Ohh it's a physical fever
Like the seven year itch
Insatiable hunger
She's in heat like a bitch
Baby's rocking and rolling
When she's getting her fix
Got a pleasure addiction
She's a siamese cat
Licking her lips
CH) REPEAT
She says do it- do it - do it tonight
Do it - do it to me
Do it - do it - do it tonight
I wanna see you scream
I'll wait here for my baby
'Cause I know we'll get to it
You may think it's a dirty job
But I'm just the man to do it
