(m: ball; t: boa)

Jesus Christ-army returns
In a giant slot machinery
Sends an ugly mission from heaven
Down like an a science-fiction-film
Full of crippled scenes
The galaxy it bleeds...
Falsified and sliced by cruelty
The world dominated recklessly
"Jesus Christ kills happily

he's got the right if you ask me!"
...to clear away the false
Yes! Killing machine terminator
Double o's seven
The majesty of no dynasty
Kills all the cosmic idiots
Sucks and scraps the dirt and scum
The arch of Noah mark two!
Thanks Jesus
Hope they get what they deserve!
