(m: boa/ ball; t: boa)

The world is a strangler
Life is the strang
Time is the judge
The hangman is death
So. Suck life, evil!
It's though and sleazy. Never easy
If there's romance it's noisy and sleazy
If there's love it's never easy
Make it happen before it eats you
(make me happen)
Suck life, evil, then now and ever

(never stop me, never)
Voodoocult: suck life, evil...
(when I go to sleep
Voodoo me, eat me,
Paint my moments, hold me
Use the silence, look at me
Shine and kiss me scratch me
Hit me, scream me...
Hold me)
Render good for evil
Evil the bad
(evil me badly)
Hold me
