(Verse 1)

oooohhh

shawty play around got me geeked up

little bit of flirt

she always wana meet up

and im open and shes open but we hold back why

Well I got a girl and she got a man

we talking everyday its getting out of hand

we claiming that were friends but its kind of tempting

plus she got a body that will make you want to sing

whoooo

well I don't want to risk what I have with her and I dont

want to give up on my girl

But shawty bad she keep me up

what im gone do now

(Chorus)

Well we playing with a loaded gun

we messing with the fire

we gone end up exploding exploding exploding girl

we playing in the gasoline playing with the TNT we

gone end up exploding exploding exploding girl

(Verse 2)

She texting me every single day im texting her back its

like a little game

and I swear that she just my best friend a little

conversation never hurt nothing

well she hit me with a question one day that if I didn't

have a girl she didn't have a man would I be with her

today

I said Yep Yep with no hesitation then I thought about it

Danger Danger Da Danger

we go emotions involved and its not a good thing

I know its all wrong and it will never be the same

but I don't want to give it up yet

(Chorus)

Well we playing with a loaded gun

we messing with the fire

we gone end up exploding exploding exploding girl

we playing in the gasoline playing with the TNT we
gone end up exploding exploding exploding girl

(Bridge)

We was trying to keep this friends
and we made a big mistake
now we staring at each other saying
no no no

Got shot by the loaded gun burnt by the fire
doused in the gasoline blew up by the TNT

(Chorus Out)

Cuz we was playing with a loaded gun
we messing with the fire
we ended up exploding exploding exploding girl
we playing in the gasoline playing with the TNT we
ended up exploding exploding exploding girl
