Future love

(Verse 1)

You dropped the Bomb on me
Coming from miles away
You got the magic touch
That keeps me coming for more
I say ok
For you to come into my world and I
Never knew that there was such a love
A love so unconditional
We Got a future thang

(Chorus)

We got that future love we got that
Future love
We got that futuristic love we got that
Future love we got that
Future love we got that
Cuz you got a hold on me
We got that future lovin

(Verse 2)

Take me far away
My super nova girl
let love pave the way
light years in to space
but before you go there's something I got to say
Can you beam me up girl
Lets go to outer-space
Is where we'll fall in love and baby I
Never wanna come back down to earth
This is where I wanna be
We got a Future thang

(Chorus)

We got that future love we got that
Future love
We got that futuristic love we got that
Future love we got that
Future love we got that
Cuz you got a hold on me

We got that future lovin

(Bridge)

I don't know how you got here
Or even where you came from
I don't know what the future holds
All I know is that I love you
So take me far away
All up into outer-space
So take me far away
All up into outer-space

Take me higher
Take me higher
Take me higher
Take me higher
I wanna go higher
I wanna go higher
Take me higher
Take me higher and higher

(Chorus out)

We got that future love we got that
Future love
We got that futuristic love we got that
Future love we got that
Future love we got that
Cuz you got a hold on me
We got that future lovin
