"My Lucky Day"

Runaway to a place I love
Where I hide away from you
And your old face
Telling me that you know me better
Than I even know my mixed up self

I'm laughing you and your old fantasy of me

Every time I think of you I think my lucky day
Is when you left and finally went away

Ooh ooh ooh ooh -ooh ooh ooh -ooh ooh ooh
Ladidadi ladidadi [2xs]

*Holiday I took away your fantasy and now I'm really me
take away all your big ideas and plans for me
and my entire future was ensured if I would
do what I should do*

*Every time I think of you I think my lucky day
Is when you left and finally went away*

Ooh ooh ooh ooh -ooh ooh ooh -ooh ooh ooh
Ladidadi ladidadi [infinite]
