Ooh ooh ooh [2xs]
*I don't care and I don't mind
If I ever wanna leave this past behind me
Everyone is doing fine
'cept I need a little piece of mind*

*and I wanna be far away 'cause I hurt all day
thinking all I could think I know
that I really gotta take it slow oh don't you know
Pretty one or pretty face*

*And I wanna get away from this old place now
Every time and every day
Well I gotta learn to get away*

*And I wanna be far away 'cause I hurt all day
thinking all I could think I know
that I really gotta take it slow oh don't you know*

[solo]

*And I wanna be far away 'cause I hurt all day
thinking all I could think I know
that I really gotta take it slow oh don't you know*

Ooh ooh ooh [3xs]
