I hate the time, maybe I'm tired of losing mine
I'm going up and coming down and I'm feeling crazy

I'm all alone, maybe I'm not I'll never know
I used to be a happy terror now I'm happy just to be

I'm never caught, maybe I care or not
Time is a lie and I'm waving bye-I-I

Please tell me this am I a stooge or full of it
I'm out of luck and full of nothing and I'm waving bye
bye

[solo]
goody for me I am a freak why can't you see

ah feast or famine, yeah it happens it's the story of me
oh oh feast or famine yeah it happens it's the story of
me
oh feast or famine yeah it happens it's the story of me

(oh yeah's and alright's ad infinitum)
