Your restless soul  
A demonsoul  
Will bring you down  
Take control  
Of you demonsoul  
It's tearing you apart

Shout it out, your anger and pain  
The aggression of your mind  
Unable to control your actions  
Behavior of an insane man  
The rage you feel inside is growing stronger everyday

But no one seem to understand  
Scream it out you have to control it  
Is it worth the price  
Your state of mind is pure hate  
You're dwelling in a world of darkness  
The compassion that you once possessed  
Has been dead for many years.
