Hillbilly Holiday
(VVSmith-09/07)

Come have a Hillbilly Holiday with me

And I was mindin' my own business
Then there's a ringin' comin' from my phone
On the end of the line, oh she's soundin' fine
Said here I sit all by myself alone... whew.

She said: come on down and hang out by the poolside
Let's slip away, come on let's run and hide...
And have a Hillbilly Holiday with me
Come have a Hillbilly Holiday with me

We'll disappear right on down the river
Take a trip and never leave the farm
Don't need to pack no clothes; we'll see how it goes
Just kickin' off my shoes don't do no harm... whew.

She said: come on down and hang out by the water
Let's build a raft and ride it to the sea
And have a Hillbilly Holiday with me
Come have a Hillbilly Holiday with me

(Bridge)
Any time you need some time
To find yourself feelin' fine
Just slip away and reach inside and close your eyes
And Have a Hillbilly Holiday with me

Well late last night I was watchin' on a movie
She slipped in and grabbed me by the hand
She's my silver screen; oh she's long and lean
And we slipped away; yea once again

She said: come on down and hang out by the fireside
And don't close your eyes; I'll take you far away
And have a Hillbilly Holiday with me
