HOG TIED  
(VVSmith)

Little lady shakin with your black dress on  
Little baby walkin with your legs so long  
I see you turn your head my way  
I know your look can brighten the day  
But I think there's something you ought to know

(BR)  
You should know I'm really not that kinda guy  
Gonna save it all goin home tonight

(CH)  
She got me hog tied  
I'm home fried baby I'm feelin alright  
Hog Tied  
Commin home to mama she squeeze me all night  
(She's treatin me right)

Oh baby with your hot pants ridin low  
Daisy Duke aint got nothing on your show  
When I turn and check it I see  
I like the way you're lookin at me  
But I think there's something you gotta know  
(BR-CH)

She's the hottest thing that I know  
Got me tied down - Turned around - Got a total hold  
on me  
She's the sweetest thing that I know  
She gotta arm hold - Toe hold - I struck gold - I'll  
grow old - Knowin that I can't loose - She gotta  
total hold on me
