Iâ€™m Alive
(VVSmith)

Rain clouds in the sky today
You know it really canâ€™t bring me down
Trouble piling high today
Try to take me to the ground
Pours down, rain hits me hard
Tryâ€™s to soak me to the bone
But Iâ€™m here, Right here
Fill me up; I drink from your cup

(Chorus)
And Iâ€™m alive
Alive and kickinâ€™
Iâ€™m alive

Smack down cominâ€™ around this way
Gonnaâ€™ really try to hold me down
Road block standinâ€™ in my way
You know it really wannaâ€™ shut me down
Reach up high I feel the rain
And the pain just melts away
And Iâ€™m here, Right here
Fill me up; I drink from your cup

Hard ground cominâ€™ towards my face
You know it really try to get me down
Whole world spinninâ€™ outa place
You know it never gonnaâ€™ slow me down
Iâ€™m walkinâ€™ down the righteous road
Gonnaâ€™ bring me to my home
And Iâ€™m here, Right here
Fill me up; I drink from your cup
