Not Far From Heaven
(VVSmith)

Iâ€™m just a traveler; Iâ€™ve got my guitar with me
And Iâ€™ll travel this road as far as I can see
I know Iâ€™m not the only one, but I feel you there for me
When I lift my head up high I open my eyes so I can see

Itâ€™s not a long way to heaven now
And Iâ€™m closer day by day
I think Iâ€™ll pull me up a chair by the riverside
And waste some time away
Itâ€™s not a long way to heaven now
And Iâ€™m closer by the day
Just pull me up a chair by the riverside
Good dayâ€™s on the way

All my life I ride the stormy weather and dream
Its sunshine and better days around the corner, I see
The sun is shining brighter there, hear the birds sing
feel the breeze
Then I lift my head up high with opened eyes and I can
see
