By a church twice in flames  
At the arrival of midnight  
Twelve times around the grave  
Upon the tomb I chant your name...

Finkenhagen, Finkenhagen  
Rise from the dead  
Finkenhagen, Finkenhagen  
Rise from the grave

Legends tell of the witching hour  
Black magic - resurrection  
Bring the priest back from hell  
Chant the name of the mysterious

Finkenhagen, Finkenhagen  
Rise from the dead  
Finkenhagen, Finkenhagen  
Rise from the grave

A legacy of nightmares  
Frightening visions of the ruins  
On the altar where lies were preached  
Stands the priest, now as a ghost

- preaching death!

Finkenhagen, Finkenhagen  
Raised from the dead  
Finkenhagen, Finkenhagen  
Raised from the grave
