Can you blame me for falling so fast?
Let's say we just take things as they come.
I know I've told you but you still have no idea that you
deserve every joy that I hope I make you feel, and I
hear
This is as real as it gets y'all.
It don't get no realer than this.
This is as real as it gets girl.
It don't get no realer that this night.

With Bob Dylan and candle light spiling over you filling
this perfect night.
And I'm nowhere near ready to hear, hear you say
goodbye.
I'm willing to comprimise for this feeling it's real and
it's worth the fight.
I think you're worth the fight.
I hope I'm worth the fight to you.

Can you blame me for hoping this will last?
Let's say we just drive so far that we run out of gas and
talk about how heavy this all seems.
I'll say I feel it too, but Lord it doesn't have to be and
I can't help but thinking, this is too good to be true, too
good to be true
and I know what you're thinking but shorty you deserve
me, maybe I deserve you.
I've got a new appreciation for

With Bob Dylan and candle light spiling over you filling
this perfect night.
And I'm nowhere near ready to hear you say goodbye.
I'm willing to comprimise for this feeling it's real and
it's worth the fight.
I think you're worth the fight.
I hope I'm worth the fight to you.
Like spring snow she melts me
take it slow cause you got me and I know we're new
but I'm happy to call you my girl.
I'm willing to comprimise for this feeling it's real and
it's worth the fight.
I think you're worth the fight.

I hope I'm worth the fight to you.
