Now,
You dont get down.
Not after but lately,
you just haven't felt like one
now, everyones moved forward
you want to move forward its something to work
towards yea
you want a destination your frustration grows
(your frustration grows)
you want excelleration but just take it slow

and
youll be fine
well be fine
well be fine
cause
i know its not easy for you
go slow
ill wait for you right here
although its hard
impossible isn't a real word

you need someone to
do you need someone
to show you you're worth something.
some things may not
may not go your way,
but please please make sure you go
go
go
your way.
maybe go someplace quiet to think
think
think
becasue theres no time to be indecisive
you need a destination
your frustration grows
your frustration grows
you want acceleration but just take it slow

you'll be fine

we'll be fine
you'll be fine

cause i know
its not easy for you
go slow
ill wait right here for you
although its hard
impossible isnt a real word

I know
its not easy for you
go slow
ill wait right here for you
although its hard
impossible

isnt a real word

i know its not easy for you
go slow
ill wait right here for you
although its hard
impossible isnt a real word
(impossible)
isnt a real word
(impossible)
iosnt a real word

impossible isnt a real word
