So you're boarding yourself in and sorting yourself out  
You don't want anyone to see you liek this  
And your heart's still racing from years of chasing  
dreams  
The ones we all shared  
You should see the ones you left behind  
No, it's not fair  
It's down right, down right depressing  
But it sounds like, sounds liek you're giving up to me

But there is no way we'll give in  
I know how hard it's been  
But it will only make things sweeter in the end  
And as another brother falls  
A louder voice still calls hold on

So you paint your windows black  
To deflect the sun's attack  
Yeah, you're reflecting on the darker side of your lost  
pride  
And your heart's still racing from years of chasing  
dreams  
The ones we all shared  
And you should see the ones you left behind  
I know it's not fair  
It's down right, down right depressing  
But it sounds like, sounds like you're giving up to me,  
yeah

But there is no way we'll give in  
I know how hard it's been  
But it will only make things sweeter in the end  
And as another brother falls  
A louder voice still calls hold on

The lowest times in our lives are always the times we  
find ourselves losing hope  
For the first time in our lives  
We actually found ourselves  
Losing hope
