(Prelude)

I got girlies all around me
Talkin all that bullshit
I just let it pass me
I aint bout that bullshit
Girlies all around me
Talkin all that bullshit
I just let it pass me
Cause i aint bout that bullshit

(Chorus)

And i be hearin what they say about you
Im all about my money, girl i do without u
And bitch im gone (bitch im gone)
Bitch im gone (bitch im gone)

(Verse 1)

Ok... she nice but just a little too conceeded
I might so im just really tryna beat it
I run, i run girl but aww put your arm around my arm
Let me walk you through that storm that your livin in
Top ten even in
Photos picturin
You dipped in honey, top that off wit some cinnamon
Ou now thats my flavour
You can be my Jada
Independant ni*ga well i am from sea abra

Uh, uh she say she like the way i duzzy yehh
Watch me do my dougie when im standin right in front
of yaa
n.... coincidently i be feelin you from then
But baby, that was way back when
So now like can you bring your friend

(Chorus)

And i be hearin what they say about you
Im all about my money, girl i do without u
And bitch im gone (bitch im gone)

Bitch im gone (bitch im gone)
And if you feelin like im feelin so right

We all up in the club poppin bottles all night
Bitch im gone (bitch im gone)
Bitch im gone (bitch im gone)

(Verse 2)

She say she love me
Its been a while since i been wit her
And she know me
Yeah, used to take her out for dinner
And like baby, ive been gone for so long
Aint tryin to lead you on
But this is just somethin that i move on from
I seen it comin, when the arguin was all we did
And then the gossip and the phone calls dodgin them
But for some reason, you were smarter than i thought
Had me thinkin I was the problem everytime that we
talked
She told me im the reason she cant let me go
Interested in others, NO
Its somebody's city, gettin busy on the 24
Hours of the day, that really just seems enough
suppose
I take you when your out but them bitches aint really
gotta know
Them bitches aint really gotta know

(Chorus)

And i be hearin what they say about you
Im all about my money, girl i do without u
And bitch im gone (bitch im gone)
Bitch im gone (bitch im gone)
And if you feelin like im feelin so right
We all up in the club poppin bottles all night
Bitch im gone (bitch im gone)
Bitch im gone (bitch im gone)
