Now this melody's a healer
It's got my baby in a fever
And I hope it gets the better of you
With this Morricone music
There's no way you can refute it
But girl you ain't got nothing to lose

Aye aye aye girl oh oh oh
It's not who you know
When I'm what you know
Aye aye aye
Just come and go with me
Aye aye aye, girl gone gone gone
Don't want a room full of snakes if the lights are on and
Aye aye aye
Just come and go with me

Will the angel or the devil
Die in ecstasy
There's something coming over you come over me
Falling in love is never easy
'Cause they're so good I'm so bad, so let's get ugly

Now she's a gentle mental
Got perversions detrimental
But there's times I just don't know what to do.
She's all grown up and sexy
And I know she's not my baby
But man, I ain't got nothing to lose

Aye aye aye girl oh oh oh
It's not who you know
When I'm what you know
Aye aye aye
Just come and go with me
Aye aye aye, girl gone gone gone
Don't want a room full of snakes
If the lights are on and
Aye aye aye,
Just come and go with me

Will the angel or the devil

Die in ecstasy?
There's something coming over you come over me.
Falling in love is never easy.
'Cause they're so good, I'm so bad, so let's get ugly.

It's never easy
The good the bad
The good the bad
Good bad Good Bad
Let's get ugly

Will the angel or the devil die in ecstasy?
There's something coming over you come over me.
Falling in love is never easy.
'Cause they're so good, I'm so bad, so let's get ugly.
