You could hurt with the words,  
You could change my life,  
You could tell me the truth,  
It would cut like a knife but I won't let go  
But I won't let go, but I won't let go

You could fall, hit the wall  
You could lose your way  
You could lose, you could bruise,  
Spend it all in day but I won't let go  
But I won't let go, but I won't let go

Cause if I had to save someone, I'd still save you  
And if I had to pray for someone, I'd pray for you

Cause you know we are made for each other  
Can't take that away, made for each other  
Like sunshine and day, made for each other, I'm here  
to stay  
Cause you know we are made for each other  
I'm made for you, made for each other  
Like stars and the moon, made for each other  
We'll see it through (Cause you know we are made)

They could take, they could hate  
They could break our hearts  
They could try all they want,  
Never tear us apart, we will not let go,  
We will not let go, we will not let go  
Cause if I had to save someone, I'd still save you  
And if I had to pray for someone, I'd pray for you

Cause you know we are made for each other  
Can't take that away, made for each other  
Like sunshine and day, made for each other, I'm here  
to stay  
Cause you know we are made for each other  
I'm made for you, made for each other  
Like stars and the moon, made for each other  
We'll see it through

Cause you know we are made, made, made, made

All of them are fake, fake, fake, fake  
We just gotta break, break, break, break  
You know we are made, made, made, made

Cause you know we are made for each other  
Can't take that away, made for each other  
Like sunshine and day, made for each other, I'm here  
to stay  
Cause you know we are made for each other  
I'm made for you, made for each other  
Like stars and the moon, made for each other  
We'll see it through (Cause you know we are made)

Cause you know we are made...
