In recent times, there is no one at all
Who can approach Antonio Gaudi
He started a new cathedral, in Barcelona
It is called La Sagrada Familia or the Holy Family
The sad thing is they could try to finish it
But I don't think they will do it

Who knows where the road may lead us, only a fool
would say
Who knows if we'll meet along the way
Follow the brightest star as far as the brave may dare
What will we find when we get there?

La Sagrada Familia, we pray the storm will soon be
over
La Sagrada Familia, for the lion and the lamb

Who knows where the winds may blow us, only a fool
would say
Who knows if we'll ever reach the shore
Follow a rising sun with eyes that may only stare
What kind of fire will burn us there? What kind of fire?
Only a fool would say

La Sagrada Familia, the wind has changed the storm is
over
La Sagrada Familia, for the lion and the lamb
La Sagrada Familia, we thank the lord the danger's
over
La Sagrada Familia, there's peace throughout the land

Under clear blue skies our voices rise in songs of glory
And for all those years our eyes and ears were filled
with tears

Who knows where the world may turn us, only a fool
would say
Who knows what the fates may have in store
Follow the light of truth as far as our eyes can see
How should we know where that may be? How should
we know?

Then the angry skies, the battle cries, the sounds of
glory
And for all those years our eyes and ears were filled
with tears

Who knows where the road may lead us, only a fool
would say
Who knows what's been lost along the way
Look for the promised land in all of the dreams we
share
How will we know when we are there? How will we
know?
Only a fool would say

La Sagrada Familia, the war is won the battle's over
La Sagrada Familia, for the lion and the lamb
La Sagrada Familia, we thank the lord the danger's
over
La Sagrada Familia, behold the mighty hand
La Sagrada Familia, the night is gone the waiting's over
La Sagrada Familia, there's peace throughout the land

Until the next time, until the next time
La Sagrada Familia
