I can see the glow of a distant sun  
I can feel it inside  
Maybe this day could be the one

I can hear the roar of a distant crowd  
They are waitin' for me  
Callin' my name  
Shoutin' out loud

Holdin' on isn't always easy  
I ain't gonna change my mind

Limelights you were all I ever wanted since it all began  
Limelights shinin' on me tellin' the world who I am  
Oh, limelight don't let me slip right through your  
fingers  
There's a long way to fall  
After all the years of waitin' I'm gonna show them all

I can see the world in a different light  
Now it's easy to say  
Where I went wrong  
What I did right?

I can hear the beat of a different drum  
Take it all in my stride  
Hold my head high  
Second to none, woh

Holdin' on wasn't always easy  
But nothing can change my mind

Limelights you were all I ever wanted since it all began  
Limelights shinin' on me tellin' the world who I am  
Oh, limelights don't let me slip right through your  
fingers  
There's a long way to fall  
After all the years of waitin' I'm gonna show them all

Maybe the role's not easy  
Maybe the prize is small  
After all the years of waitin'

I'm gonna show them all
