Days go by, adrift upon a rolling sky
The miracles escape my eyes
But I still hope

Time, regret
Is this as good as life can get?
It's only when the spirit sets me free I cope

If I seek in every corner
(Aah)
If I search in every doorway
(Aah)
When the water turns to wine, will I believe?
(Aah)

If I navigate the river
(Aah)
Would you take me to your island?
(Aah)
Sing the siren song so I can never leave
(Aah)

Long and wide
Eternity from side to side
Lead me through the rapids
Guide me to the shore

There's a place
That's far beyond this time and space
When each of us comes face to face with something
more

If I open up the channel
(Aah)
Would you send me information?
(Aah)
If you tune me to your station I'll receive
(Aah)

If I navigate the river
(Aah)
Would you take me to your island?

(Aah)
Sing the siren song so I can never leave
(Aah)

Ooh
Plans can fail
But only fail to understand
The pyramid will turn to sand and I'll be here

I will be here
And I'll be here
I will be here
(Ooh)
